Documentary Evidence:

- If you are not a member of another scheme, you must provide original accounts and receipts to support your claim.
- If you are a member of another scheme, you must provide copies of the invoices and receipts along with the original Refund Statement from your Medical Scheme Provider.

I hereby certify that the above details are correct: Date:

Membership Guidance

- New members may not claim within the first 90 days once membership has been accepted (this includes all treatment expenses incurred during this period).
- All claims must be lodged within 12 months of treatment.
- Benefits may apply only to the cost of medical treatment or hospitalisation incurred within New Zealand.
- Note: Per annum means the financial year from 01 April to 31 March and your benefit limits relate to this period. If you have exceeded your annual benefit limit, you may wish to hold your receipt and claim in the next financial year. However, point 2 still applies.
- If you have Koruhealth Family Membership, your natural & adopted children may receive the same benefits as you until they reach 19 years of age. After that, they may take up their own single membership. Children of partners who are not the employee's natural or adopted children can be eligible under a single membership.
- If you are not a member of a medical insurance scheme, Koruhealth may refund 2/3 against each benefit invoice (up to the maximum for each type). GP fees and prescriptions may be refundable up to 100% and up to the maximum benefit limits.
- If you are a member of a medical insurance scheme, Koruhealth may refund the remaining balance of each benefit invoice, up to a maximum of 2/3 of the total invoice cost (up to the maximum of your benefit allowance). However, the remaining balance of GP fees and prescriptions may be refunded in full as they can be covered up to 100%.

For further information regarding Koruhealth Membership please refer to our dedicated website: Koruhealth.org.nz

Exceptions to Benefit Allowances

All costs associated with the following are NOT covered under your benefit allowance - Dentistry and most oral surgery, pregnancy expenses, fertility treatments, vaccinations, over the counter pharmacy/chemist purchases, cosmetic treatments/surgery, weight loss treatment/surgery and costs associated with Travel, i.e. vaccinations, predeparture testing, travel related medications (e.g. malaria and travel sickness tablets). Any screening and/ or medical assessments for regulatory requirements, occupational requirements, travel or immigration will not be covered.
