

Upgrade with OneUp™

We all love a little extra comfort. So, if you can go premium at a price that isn't, why wouldn't you?

OneUp gives you the chance to enhance your experience, by making an offer on a cabin class upgrade, or an Economy Skycouch.

Meaning you get to choose what you're willing to pay.

Here's how it works. At least three days before your flight, you sign in to manage MyBookings... And select "Make an offer".

The slider next to each flight you've booked lets you decide how much you'd like to pay on top of the cost of your fare. Keep an eye on this indicator – it tells you how strong your offer is.

Then you choose how you'd like to pay, and submit your offer.

That's it. We'll email you to let you know whether or not your offer was successful. Easy. Extra comfort, at a price you're comfortable paying. Thanks to OneUp, from Air New Zealand.
